DO YOU HAVE A WILL?

Free Estate Planning Seminar

Our company has invited Will Power, a legal estate planning organization, to hold an educational seminar on preparing wills, living wills, durable powers of attorney, and health care proxies. This seminar is a benefit to all employees and is offered free of charge.

Employees and their family members may then elect to have wills and other basic estate planning documents prepared by Will Power for **\$250** per person, a substantial discount from the standard Will Power estate planning price of \$400. This special price is only available by participating in the program Will Power will be running here beginning Thursday, June 22.

By attending the seminar, you are under no obligation to have a will prepared. However, if you wish to take advantage of this opportunity to have a will (and living will, durable power of attorney, and health care proxy) prepared a personal interview appointment will be made for when the Will Power attorney returns the following week.

The Will Power program is open to all current employees, retired employees, their spouses, and all other family members.

Wednesday June 22 at 12:00 Noon

Conference Room A

If you plan to attend, please sign up by calling Human Resources at Ext. 555.
